1. Any business or individual may purchase Chamber Bucks (checks) at the fee schedule listed below.
2. 80% of the Chamber buck denominations must be spent at the business receiving it. For example, a person cannot bring a \$25 check in to a business, buy a twenty-five cent pack of gum and get all the change back. At least \$20 must be spent out of the \$25 at the business of choice.

Purchasers will fill out the recipients name on the "memo line" and the recipient will take the "check" to a participating business of his/her choice. The business the "check" is spent at is written on the "Pay to the Order of" line on the check. All checks will be purchased through the Chamber and signed by the Director at the time of purchase.
